Interests

Acting (method acting), singing, television, drama

Social media skills; communicating and building relationships, leadership skills.

Personal development and interpersonal skill building.

Socialize with friends.

Going to the gym and exercising.

John has done a lot of personal development throughout 2016-20. And has been involved in on going development with Supergenius Life. They teach, helps with life and professional development, John is also committed to his career as an actor to develop more there.

Acting and Business, John has a support from a number of professionals listed in education as there is a fair few but there support is just as important to John as is the people have trained with in acting classes learning with to improve knowledge and skills in this industry, in skills and business but also a positive mindset to approaching work.

John also likes to practice mindfulness which is breathing and connecting to body. This could be through meditation but is more about letting go of stress and anxiety.

John is looking at new opportunity this year and wants to explore ideas like up skill learning and any other new things he can try while keeping an open mind.

NOTE FOR WEB DESIGN FOR ACTOR and people that view CV- spoke to a career advisor yesterday that suggested I explore changing my CV to a skills based CV so looking at doing that.
